These pages of data and notes are still incomplete and as more data is gathered, they will become more complete.

Notes

Black data is based on field observations
 Blue data is based on factory serial number logs.

NA means Not Applicable.

OPEN means there is no entry for this part of the data

NR means not readable

Low means Lowest serial number found to date for this catalog number

High means Highest serial number found to date for this catalog number

The GREEN block after the model name indicates the lowest serial number found for a particular model or catalog number

The RED block after the model name indicates the lowest serial number found for a particular model or catalog number

The PINK hi-lited dates are dates that are later than expected for that serial number

YELLOW hi-lited data is data that conflicts with the records
