*In ordering specify Model and Serial Number*

If your pistol is in need of repair at any time and you cannot have it done by a gunsmith in your vicinity, send it to us by Express prepaid for our inspection. United States postal laws prohibit shipment of small arms by individuals through the mail.

When ordering repair parts it is necessary that you supply us with the Model of the gun, and also, the serial number as in some instances the style of the parts has been changed.

In sending a gun or part, write us at the same time stating what you wish done, and also, advise the number of the gun. Pack or wrap securely, and mark the package plainly so we will know it is from you.

---

*It pays to keep a gun in condition.*
