27.	Retracting Rod	.50			

If your pistol is in need of repair at any time and you do not want to do the work yourself or cannot have it done by a gunsmith in your vicinity, send it to us by express for our inspection. U. S. postal laws prohibit shipment of small guns by individuals. We will advise you promptly what it will cost to put the gun in proper condition.

When ordering, advise the number of the pistol for which parts are desired, as guns under No. 5,000 in some instances have different style parts.

When sending a gun or parts, write us at the same time stating what you wish done, and also advise the number of the gun. Pack or wrap securely, and mark the package plainly so we will know it is from you.

It pays to keep a gun in condition.
