Dear High Standard Collector,

It seems as if the revival of High Standard had just begun. It has been three exciting years that to say the least have been monumental! In the beginning, we offered a unique, special edition Model 105. Due to the overwhelming response to this offer we are today, completing that offer on these fine heirlooms to the collectors association to complete the entire production of the Model 105 pistols.

These highly polished models will be available in sets or sold individually. The sets will have consecutive serial numbers. These pistols will include some parts that were produced at the Hamden factory. The available pistols will be marked "Model 105", will bear serial numbers beginning with 2,601,100, they will be built on Houston frames.
